

Backup Battery

Product Description

Product Introduction

Datahub, a power supply box with a built-in UPS, supports multi-channel data acquisition via I/O modules.

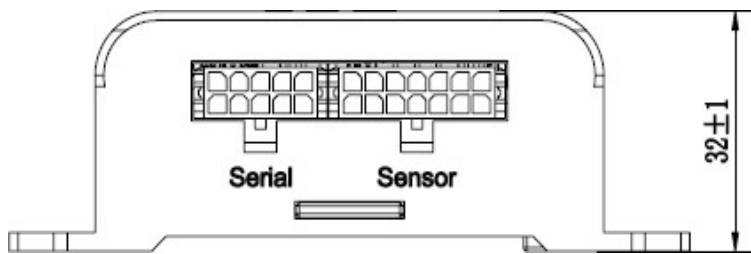

Features

- Built-in UPS (9.6v 0.6ah)
- CAN Data Acquisition
- RS232/ RS485 Control
- Multi-channel Data Acquisition Via I/O Modules
- 10-pin DIN Connector

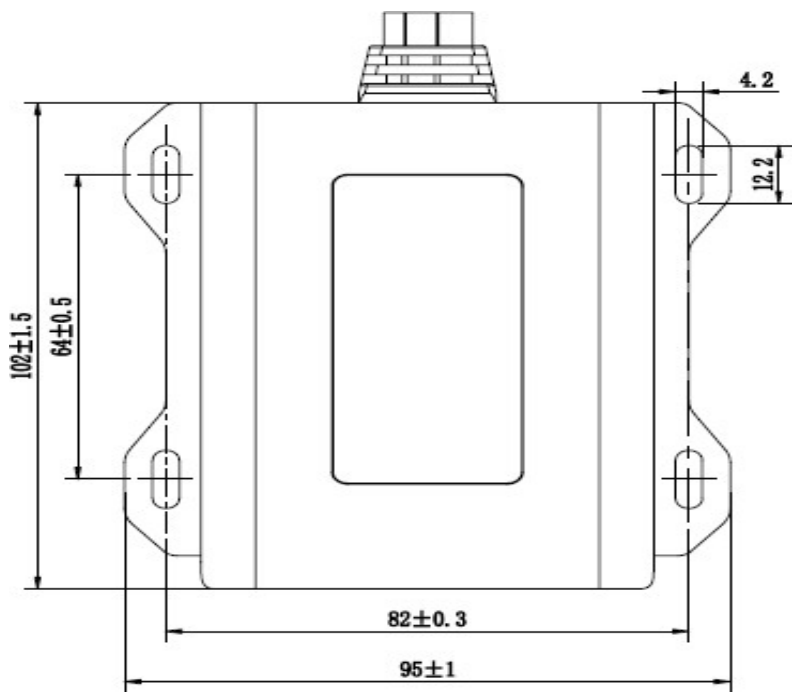

Product Parameters

Product Name	
	AD Plus Datahub
Basic Parameters	
RS232	2-CH
RS485	2-CH
Alarm Input	8-CH IN
Alarm Output	2-CH OUT
Pulse Wave Velocity	2-CH Speed IN Input
Power Output	5V@500mA, 12v@500mA
Power Output	Default (optional)
CAN	1-CH
Power Supply Parameters	
Power Supply	9-36V
Standby Current	2mA
Other Parameters	
Operating Temperature	-20°C~+70°C
Storage Temperature	-40°C~+85°C
Operating Humidity	0% - 90%
